

YES – I USE REAL NAPPIES!!!

We've set ourselves the target of having over 16% of babies wearing washable nappies in the East Sussex County Council area by March 2010. (Sorry, not applicable to Brighton and Hove City Council residents).

Although we know numbers who've bought our starter packs – we're realising there are many more parents using washables who've bought them over the internet, been given them by friends or are using them on second or third children.

If you use washables – let us know. Fill in this simple form and return it to the freepost address so we can boost our numbers.

As an added incentive, the sender of each reply will receive a free pack of disposable nappy liners. Go on, fill in the form and let us know you're using washables.....

Count me in ... reply form

If you use washable nappies, let us know

Name.....

Address.....

.....

.....

Postcode.....

Child's date of birth

What style/brand of nappies do you use?

.....
